**THE BEAN BAG BONANZA WILL REPLACE THE BEAN BAG GRAB AS EVENT #5 FOR JOURNEY FEST GAMES. THIS IS CONSISTENT WITH THE AWANA SUMMIT GAME PLAN.**

**EVENT 5 – BEANBAG BONANZA**

10 players; two heats

First heat - five girls

Second heat - five guys

First place – three points each heat

Second place – one point each heat

**Equipment:** Three circle pins, a scoring pin, one colored beanbag and one striped beanbag per team

**Rules:** The colored beanbag is placed in the center of each team’s triangle. The five players line up on their circle line. Player one (the player farthest from the starting diagonal) holds the striped beanbag in his/her hand. At the starting signal, he/she runs into the center of the team triangle, switches the striped beanbag for the colored beanbag, runs back to the circle line and hands the colored bag to player two. Then player two runs into the center of the team triangle and switches the colored beanbag for the striped beanbag, returning to the circle line to hand the striped beanbag to player three, who repeats the action. Play continues until player five switches the bags. He/she then hands his/her bag to player one, and play continues for a second round. Each player will run into the circle two times. The second time player five goes in, he/she does not switch the bags; rather, he/she runs into the center of the circle for the scoring pin.

No player may step over the circle line until he/she is handed the bag from the previous player. However, if the player does step over the line, he/she must return to behind the circle line with both feet before entering the center triangle to place the beanbag down. Failure to return behind the circle line disqualifies the team. The beanbag must be placed, not tossed, within the triangle.

Each time a beanbag is placed in the triangle, no part of the beanbag may be outside the triangle or the team will be disqualified. If a beanbag goes out of the team zone, that team will be disqualified. No rotating is allowed.
